

WORLD
HUMANITARIAN
SUMMIT

Objective:

To present **practical methodology** towards
‘more innovation for more impact’ and
specific cases and **lessons learnt from Japan**.
The side event will end with a set of
recommendations for future regional and
global innovation alliance.

More Innovation for More Impact

LESSONS FROM JAPAN
TOWARDS REGIONAL
AND GLOBAL
INNOVATION ALLIANCE

May 24 2016

Key Problem Statement

The constant creation and application of innovative solutions in humanitarian sector is needed, but proactive investments and actions to enable this are limited.

So then, what is required to ensure this?
